At the Washington DC Veterans Affairs Medical Center, our Capitol Excellence team has a commitment to caring for all Veterans. Did you know that many of our team members are Veterans themselves and that many more of us are the sons, daughters, spouses, sisters and brothers of a Veteran? So we are especially honored to be able to provide Veterans the best possible service and the highest quality health care and to treat every Veteran like they are part of the family.

Before becoming the Director of the Washington DC VA Medical Center, Brian A. Hawkins, served eight years in the Illinois Army National Guard. He currently leads one of the most highly visible medical centers in the nation with more than 90,000 Veterans enrolled for care.
